

Thank you for your participation in the launch of the **#HOPEbracelet** during the 2018 Christmas Campaign. We are very excited to have you on board this year and we are very excited about this initiative. We have provided some useful information for you to use below.

What is the #HOPEbracelet?

The #HOPEbracelet is a tool that we hope will accomplish many things:

- Start conversations about poverty in our communities and what can be done
- Be a visual reminder to everyone that the problem is real and happening in our communities
- Serve as a show-of-support to those struggling with poverty, homelessness and addictions and act as a very visual way to let them know people care and are paying attention
- Act as a voice for donors, volunteers, politicians and clients to say “I don’t want to see this happen to people in my community ... and I’ve done something about it – will you?”
